'Going out of town for the weekend, or need a dog sitter for the day? My small well managed facility allows me to give your dog maximum playtime, tons of attention and plenty of fresh air'.

For the winter months we have heated and insulated dog houses so that your dog will feel right at home. With our 12,000 sq. ft. play area's there is plenty of room for them to play. As a dog owner myself having my dog cooped up in a kennel all day is NOT exactly a home away from home. So here at Barking Barnyard we guarantee that your dog will have the exercise they deserve. Call now to reserve your dogs suite.
